GTT receives an order from DSME for the tank design of two new LNG Carriers

Paris – May 13th, 2019. GTT has received an order from the Korean shipyard Daewoo Shipbuilding & Marine Engineering (DSME) concerning the tank design of two new 174,000 m³ LNG carriers on behalf of the Greek ship-owner Maran Gas.

The delivery of the ships is planned for the first half of 2021.

Philippe Berterottière, Chairman and CEO of GTT commented: "*We are very pleased to continue our partnership of excellence with DSME with this new order for Maran Gas.*"

About GTT

GTT (Gaztransport & Technigaz) is an engineering company expert in containment systems with cryogenic membranes used to transport and store liquefied gas, in particular LNG (Liquefied Natural Gas). For over 50 years, GTT has been maintaining reliable relationships with all stakeholders of the gas industry (shipyards, shipowners, gas companies, terminal operators, classification societies). The company designs and provides technologies which combine operational efficiency and safety, to equip LNG carriers, floating terminals, and multi-gas carriers. GTT also develops solutions dedicated to land storage and to the use of LNG as fuel for the vessel propulsion, as well as a full range of services.

GTT is listed on Euronext Paris, Compartment A (ISIN FR0011726835 Euronext Paris: GTT) and is notably included in SBF 120 and MSCI Small Cap indices.
