About GTT

GTT (Gaztransport & Technigaz) is the world leader in cryogenic membrane containment systems used in the shipbuilding industry for the transport of LNG. For over 50 years, GTT has offered to its customers technologies which allow them to optimize storage space and reduce the construction and operation costs of ships or tanks equipped with these systems. GTT operates in five sectors: LNGCs (Liquefied Natural Gas Carriers), FPSOs (Floating Production Storage and Offloading units), FSRUs (Floating Storage and Regasification units), onshore storage tanks, and solutions for the LNG as a fuel chain.
