## **GTT takes part in LNG18 in Perth, from April 12<sup>th</sup> to 15<sup>th</sup>**

**Paris – April 8<sup>th</sup>, 2016.** GTT (Gaztransport & Technigaz) engineering company specialized in the design of membrane containment systems for the maritime transportation and storage of LNG (Liquefied Natural Gas) announces its participation to the exhibition LNG 18, organized in Perth, Australia, from April 12th to 15th, 2016.

This triannual exhibition is the place to be for the stakeholders involved in the field of Natural Gas and provides a unique opportunity to meet energy professionals from all around the globe.

GTT's booth will focus on innovation, with introducing and updating its recent technological developments, the use of LNG as a fuel as well as new services proposed to LNG Carriers shipowners. With Australia, the country of Shell's *Prelude*, Offshore projects will be at the place of honour.

GTT's experts will make presentations during conferences, with four lectures and four technical posters, chosen among hundreds of papers by LNG 18 Selection Committee.

Please come and visit us at booth 1366 of Perth Convention and Exhibition Centre; 21 Mounts Bay Road; Perth Western Australia 6000.

### **About GTT**

GTT (Gaztransport & Technigaz) operates in the market of cryogenic membrane containment systems used for the transport and storage of liquefied gas, in particular LNG (Liquefied Natural Gas). For over 50 years, GTT has designed and offered to its customers technologies which allow them to optimise storage space and reduce the construction and operating costs of ships or tanks equipped with these systems. The liquefied gas market includes several types of vessels: LNG carriers, FSRUs (Floating Storage Regasification Units), FLNGs (Floating Liquefied Natural Gas vessels) and multi-gas carriers (in particular for ethane and LPG). The Company also provides solutions dedicated to onshore storage and to the use of LNG as fuel for vessel propulsion (and associated bunkering), as well as a broad range of high added value services for all stakeholders throughout the liquefied gas chain.

GTT is listed on Euronext Paris, Compartment A (ISIN FR0011726835 Euronext Paris: GTT) and is notably included in SBF 120 and MSCI Small Cap indices.
