

## **GTT receives an order from Hanwha Ocean for the tank design of two new LNG carriers for the U.S. market**

**Paris, 3 September 2025** - GTT announces that it has received, during the third quarter of 2025, a new order from the Korean shipyard Hanwha Ocean for the tank design of two new Liquefied Natural Gas Carriers (LNGCs) on behalf of the ship-owner Hanwha Shipping, an entity affiliated with Hanwha Group and based in the United States.

GTT will design the cryogenic tanks of these two vessels, which will each offer a total capacity of 174,000 m<sup>3</sup> and will be fitted with the NO96 L03+<sup>1</sup> membrane containment system, developed by GTT.

With this new contract, GTT continues to contribute to the expansion of the North American LNG value chain, supporting its shipyard partners and ship-owners with high-performance technologies tailored to a dynamic and fast-evolving market.

Delivery of the vessels is scheduled in the first quarter of 2028.

---

<sup>1</sup> NO96 technology is a cryogenic liner used to contain liquefied gas at low temperatures during shipping, onshore and offshore storage, at atmospheric pressure.

## About GTT

GTT is a technology and engineering group with expertise in the design and development of cryogenic membrane containment systems for use in the transport and storage of liquefied gases. Over the past 60 years, the GTT Group has designed and developed, to the highest standards of excellence, some of the most innovative technologies used in LNG carriers, floating terminals, onshore storage tanks and multi-gas carriers. As part of its commitment to building a sustainable world, GTT develops new solutions designed to support ship-owners and energy providers in their journey towards a decarbonised future. As such, the Group offers systems designed to enable commercial vessels to use LNG as fuel, develops cutting-edge digital solutions to enhance vessels' economic and environmental performance, and actively pursues innovation in the field of low-carbon solutions.

GTT is listed on Euronext Paris, Compartment A (ISIN FR0011726835 Euronext Paris: GTT) and is notably included in the CAC Next 20, SBF 120, Stoxx Europe 600 and MSCI Small Cap indices.
