

GTT signs two new Technical Services Agreements with JOVO

Paris – 24 January 2024. GTT, the technological expert in membrane containment systems dedicated to the transport and storage of liquefied gases, announces the signing of two new Technical Services Agreements (TSA) with JOVO, a major energy supplier based in China.

The contracts cover GTT's assistance and operational support for LNG carriers operated by JOVO. GTT will provide its field expertise for inspections, maintenance, repairs and engineering consultancy. JOVO will also benefit from access to GTT's HEARS® emergency hotline, available 24/7, to provide rapid technical assistance to crews.

These new partnerships follow a first services contract, still in effect, signed between the two groups in August 2022.

Adnan Ezzarhouni, General Manager of GTT China, declared: *“It is with great satisfaction that we strengthen our collaboration with JOVO through the signature of two new service contracts. GTT is pleased to support the growing development of JOVO's LNG shipping activities.”*

Lu Yuan, Vice President & Head of LNG and Shipping of JOVO Group, said: *“JOVO is pleased to expand its cooperation with GTT. Our teams will benefit from GTT's expertise to improve the performance of our vessels, as part of our ongoing efforts to enhance the quality of our core assets and actively develop new track business in our energy logistics services.”*

About GTT

GTT is a technological expert in containment systems with cryogenic membranes used to transport and store liquefied gases. For 60 years, GTT has been designing and providing cutting-edge technologies for a better energy performance, which combine operational efficiency and safety, to equip LNG carriers, floating terminals, land storage, and multi-gas carriers. GTT also develops systems dedicated to the use of LNG as fuel, as well as a full range of services, including digital services in the field of Smart Shipping. The Group is also active in hydrogen through its subsidiary Elogen, which designs and assembles electrolyzers notably for the production of green hydrogen.

GTT is listed on Euronext Paris, Compartment A (ISIN FR0011726835 Euronext Paris: GTT) and is notably included in SBF 120, Stoxx Europe 600 and MSCI Small Cap indices.
