GTT receives an order from Samsung Heavy Industries to design the LNG tanks of a new FSRU

Paris – October 26, 2017. GTT announces a new order from Samsung Heavy Industries regarding a Floating Storage and Regasification Unit (FSRU). Its delivery is scheduled in late 2020. This contract is the sixth FSRU order obtained by GTT this year.

Philippe Berterottière, Chairman and CEO of GTT, declared: *“GTT is delighted to continue its partnership of excellence with Samsung Heavy Industries.”*

About GTT

GTT (Gaztransport & Technigaz) is an engineering company expert in containment systems with cryogenic membranes used to transport and store liquefied gas, in particular LNG (Liquefied Natural Gas). For over 50 years, GTT has been maintaining reliable relationships with all stakeholders of the gas industry (shipyards, shipowners, gas companies, terminal operators, classification societies). The company designs and provides technologies which combine operational efficiency and safety, to equip LNG carriers, floating terminals, and multi-gas carriers. GTT also develops solutions dedicated to land storage and to the use of LNG as fuel for the vessel propulsion, as well as a full range of services.

GTT is listed on Euronext Paris, Compartment A (ISIN FR0011726835 Euronext Paris: GTT) and is notably included in SBF 120 and MSCI Small Cap indices.
