

Press Release

## **GTT receives an order from HHI to equip a new LNG carrier**

**Paris – April 10, 2018.** GTT has received at the end of March 2018, an order from Hyundai Heavy Industries (HHI) to equip a new LNG carrier with its [Mark III Flex](#) cryogenic membrane containment system.

The 180,000 m<sup>3</sup> LNG carrier will be built at HHI's shipyard, in Ulsan (South Korea), on behalf of a European ship-owner. Delivery is scheduled in March 2020.

*"We are pleased that HHI, our long-term partner, continues to place his trust in GTT to equip this new LNG carrier",* commented Philippe Berterroitière, Chairman and CEO of GTT.

### **About GTT**

GTT (Gaztransport & Technigaz) is an engineering company expert in containment systems with cryogenic membranes used to transport and store liquefied gas, in particular LNG (Liquefied Natural Gas). For over 50 years, GTT has been maintaining reliable relationships with all stakeholders of the gas industry (shipyards, shipowners, gas companies, terminal operators, classification societies). The company designs and provides technologies which combine operational efficiency and safety, to equip LNG carriers, floating terminals, and multi-gas carriers. GTT also develops solutions dedicated to land storage and to the use of LNG as fuel for the vessel propulsion, as well as a full range of services.

GTT is listed on Euronext Paris, Compartment A (ISIN FR0011726835 Euronext Paris: GTT) and is notably included in SBF 120 and MSCI Small Cap indices.
