

Press Release

GTT present at Nor-Shipping in Oslo

Paris – Mai 27, 2015. GTT, world leader in the design of membrane containment systems for the maritime transportation and storage of LNG (Liquefied Natural Gas), announces its participation in Nor-Shipping, from 2 to 5 June 2015 in Oslo. This exhibition is one of the leading event gathering professionals from the world maritime sector.

The new edition of the exhibition will allow GTT to present its latest technologies and associated services. Its most recent developments for Small Scale LNG carriers and LNG as a Fuel chain demonstrate its commitment to the global shipping market.

GTT's delegation will be pleased to meet visitors on its booth D03-20, located in hall D.

GTT will also participate as a sponsor and speaker to the LNG Shipping Forum conference, organized by LNG Journal on the 4th of June.

About GTT

GTT (Gaztransport & Technigaz) is the world leader in cryogenic membrane containment systems used for the transport and the storage of LNG (Liquefied Natural Gas). For over 50 years, GTT has offered to its customers technologies which allow them to optimize storage space and reduce the construction and operation costs of ships or tanks equipped with these systems. GTT operates in several sectors: LNGCs (Liquefied Natural Gas Carriers) and VLECs (Very Large Ethane Carriers), Multi-gas carriers, FLNGs (Floating Liquefied Natural Gas units), FSRUs (Floating Storage and Regasification units), onshore storage tanks and the use of LNG as a fuel.

GTT is listed on Euronext Paris, Compartment A (ISIN FR0011726835 Euronext Paris: GTT) and is included in SBF 120 and MSCI Small Cap indices.
